- Managed project planning, timelines, and execution ensuring successful delivery of quality solutions
- Mentored interns and junior developers, supporting their professional growth and skill development

Frontend Development Intern — LogikaBox

February 2024 – July 2024 — Sétif, Algeria

- Contributed to web and mobile projects with focus on user interfaces and responsive design
- Served as team lead for hotel booking application development from planning to deployment
- Enhanced client communication protocols and established comprehensive project documentation practices

Desktop Developer Intern — Sonalgaz

July 2025 – August 2025 — El Eulma, Algeria

- Gained expertise in telereleve systems and V91000P technology
- Managed server operations and SQL Server backup procedures
- Developed knowledge of communication protocols including GSM and GPRS

Desktop Developer Intern — CDI

June 2025 – July 2025 — El Eulma, Algeria

- Built desktop application for rent payment management and penalty calculations
- Mentored fellow intern in web development fundamentals
- Optimized and reorganized application file structures for improved maintainability

Network Engineering Intern — Setram

February 2025 – March 2025 — Constantine, Algeria

- Gained hands-on experience with networking systems and IT infrastructure
- Assisted in network equipment management, system diagnostics, and security implementation
- Contributed to local system security protocols and maintenance procedures

Education

Master's Degree in Networks and Distributed Systems (RSD) — University of Constantine 2 - AbdElhamid Mehri

September 2024 – Present — Constantine, Algeria

Coursework: Advanced Networking, IoT, Artificial Intelligence, Database Systems, Cybersecurity, Network Engineering, Distributed Systems Architecture

Bachelor's Degree in Information Systems (SI) — University of Constantine 2 - AbdElhamid Mehri

September 2020 – September 2024 — Constantine, Algeria

Coursework: Software Development, Database Management, Cloud Computing, IT Security, System Analysis and Design

Languages

- **Arabic:** Native proficiency
- **English:** Intermediate (B2)
- **French:** Beginner (A2)
